Subject: Leviathan Mine - SharePoint Site Access

Julie,

As requested, I have prompted our SharePoint system to reset your password. You should be receiving an email from IST.SHAREPOINT@ AMEC.COM with username and temporary password information. If not please let me know. The email transmitting your username and password information is a standard SharePoint format email and it

makes a reference to an upcoming welcome email with that will contain the site link. You will not receive another such email from the system; however, the SharePoint site links will be contained in our document transmittal emails.

We have not posted anything new for a while; however, below are the hyperlinks to the Leviathan Mine SharePoint Site

This notification is to inform you of folders/documents stored on this [site](#). Click here to directly access the [folder](#) where these folders/documents are stored.

Please let me know if you have any questions.

Thanks,

Marc
